Hi Steve

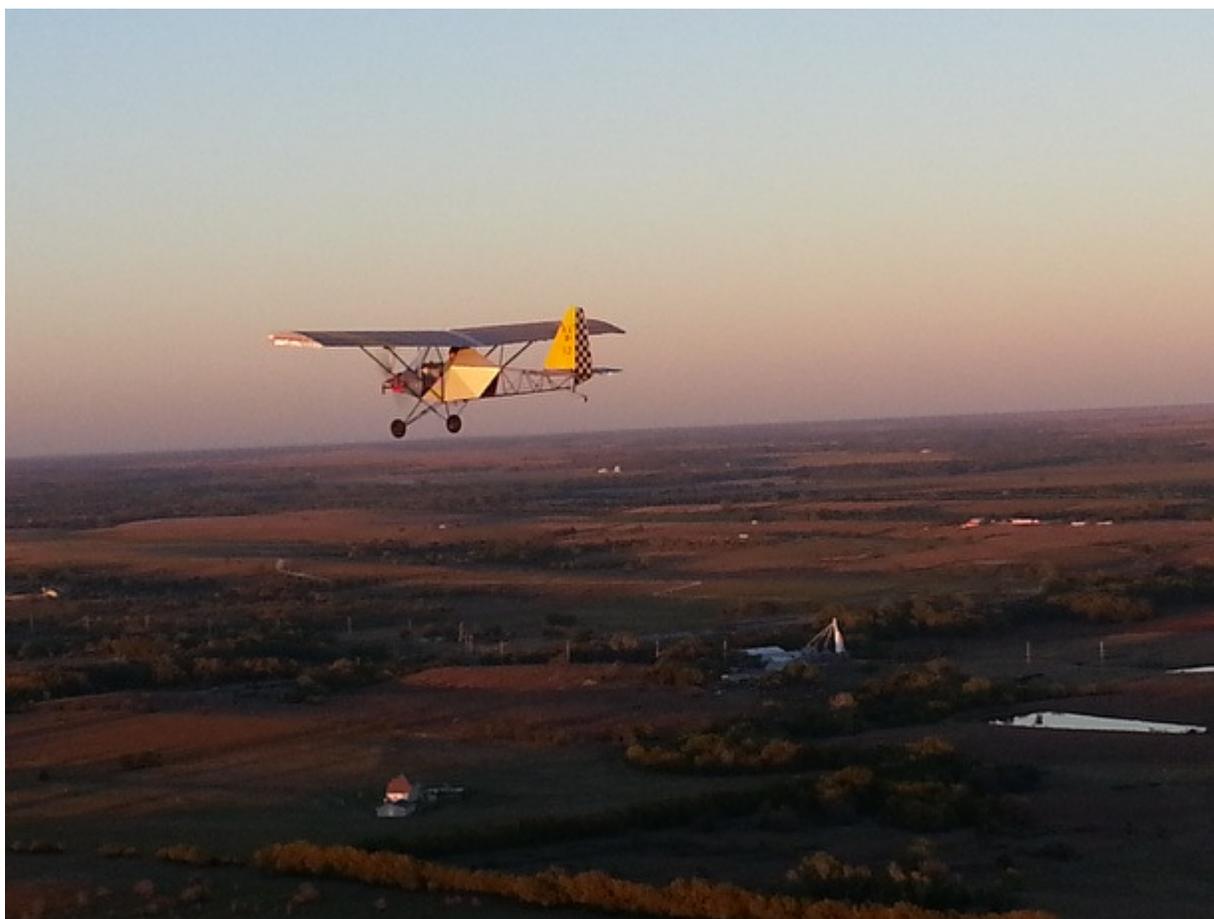

Don't have many air to air shots. Here's a few that might interest you.

A comment has also been added regarding this topic:

Do you have any XL air-air shot's?

Thanks,

Steve

These are mostly our first flight photos in January 2014. Brrr cold in Kansas...  
Started construction of both planes in Mid April 2013. First flights for both planes on  
1-27-2014.

I'll see what photos Tim has. He may send you some as well.
